

GENE SLAY'S GIRLS & BOYS CLUB

TEEN CENTER

The GSGBC Teen Center will be designed to fit the current needs of members. Focusing on career readiness and civic engagement, our goal is to prepare kids for their next steps towards success.

Our current facility is licensed for ages 6-16, with children aging out at 17. A new teen center will be designed to accommodate ages 14-20, allowing kids to participate in club activities through high school.
